Community Development Committee Agenda

May 9, 2016

1. SR 13 Storm Sewer Repair – Engineering and Surveying proposal (Discussion)
2. Foundation/Roof Drains – Legislative Request (Discussion)
3. Green Valley Drive Update – (Project Update)
4. State Salt Contract – (Resolution)

① Get all the work done for \$25K to \$30K on SR 13 at Linnville Rd. Law Co. Had much discussion on what to do. At the end we all agreed to let Law Co. go out and see what they come up with for \$25K to \$30K. Eddie will attempt to get other quotes and

(Insert) ② Had a guest from Claren Dr. that had questions about the proposed development that was in the Newark Advocate. His concern was that it would increase traffic on Claren Dr. we assured him that is not the case and Mayor Johns showed him on a drawing what the ~~new~~ objectives are.

② Drains ~~going into~~ that empty into our streets is causing large amounts of water to stand in the street that freezes over in the

winter, creating a safety issue. We want to change this without causing a hardship on our citizens. The City will correct the problem ~~that~~ as it seems fit at our cost. Eddie will try to come up with a good solution.

3. Green Valley Dr.

\$243,650.00 estimated cost

4. State Salt Contract. State requires us to have a Resolution that states exactly how much salt we want to buy. (600 tons)
